TO WHOM IT MAY CONCERN

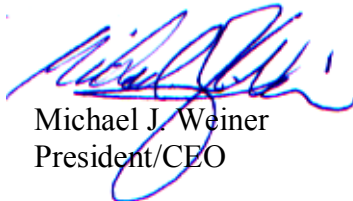

REFERENCE: Philamena Hoopes

It is my pleasure to provide a testimonial to the work that Phila Hoopes has done for us, in support of our client, AC Transit of Oakland California. Phila was chosen to be 'the voice' of the AC Transit bus system' audio message system, announcing upcoming stops and other messages for broadcast to those customers riding the buses.

Phila has a very high work ethic, in addition to being coachable in bringing her to a professional level as a voiceover talent. The talent is only a part of the package: It is reliability, flexibility and other attributes that make working with Phila a delight, whenever she has been called upon.

I would be more than happy to discuss any further background and experiences with Phila. She is a valuable asset as a contractor, and I recommend her for any position which she may be interested in.

Very Truly Yours,

Michael J. Weiner
